MANUAL

TAKE2interactive

Precautions

• This disc contains software for the PlayStation®2 computer entertainment system. Never use this disc on any other system, as it could damage it. • This disc conforms to PlayStation®2 specifications for the PAL market only. It cannot be used on other specification versions of PlayStation®2. • Read the PlayStation®2 Instruction Manual carefully to ensure correct usage. • When inserting this disc in the PlayStation®2 always place it with the required playback side facing down. • When handling the disc, do not touch the surface. Hold it by the edge. • Keep the disc clean and free of scratches. Should the surface become dirty, wipe it gently with a soft dry cloth. • Do not leave the disc near heat sources or in direct sunlight or excessive moisture. • Do not use an irregularly shaped disc, a cracked or warped disc, or one that has been repaired with adhesives, as it could lead to malfunction.

Health Warning

For your health, be sure to take a break of about 15 minutes during every hour of play. Avoid playing when tired or suffering from lack of sleep. Always play in a well-lit room, sitting as far from the screen as the cord will allow. Some people experience epileptic seizures when viewing flashing lights or patterns in our daily environment. These people may experience seizures while watching TV pictures or playing video games. Even players who have never had any seizures may nonetheless have an undetected epileptic condition. Consult your doctor before playing video games if you have an epileptic condition or immediately should you experience any of the following symptoms during play: dizziness, altered vision, muscle twitching, other involuntary movements, loss of awareness of your surroundings, mental confusion, and / or convulsions.

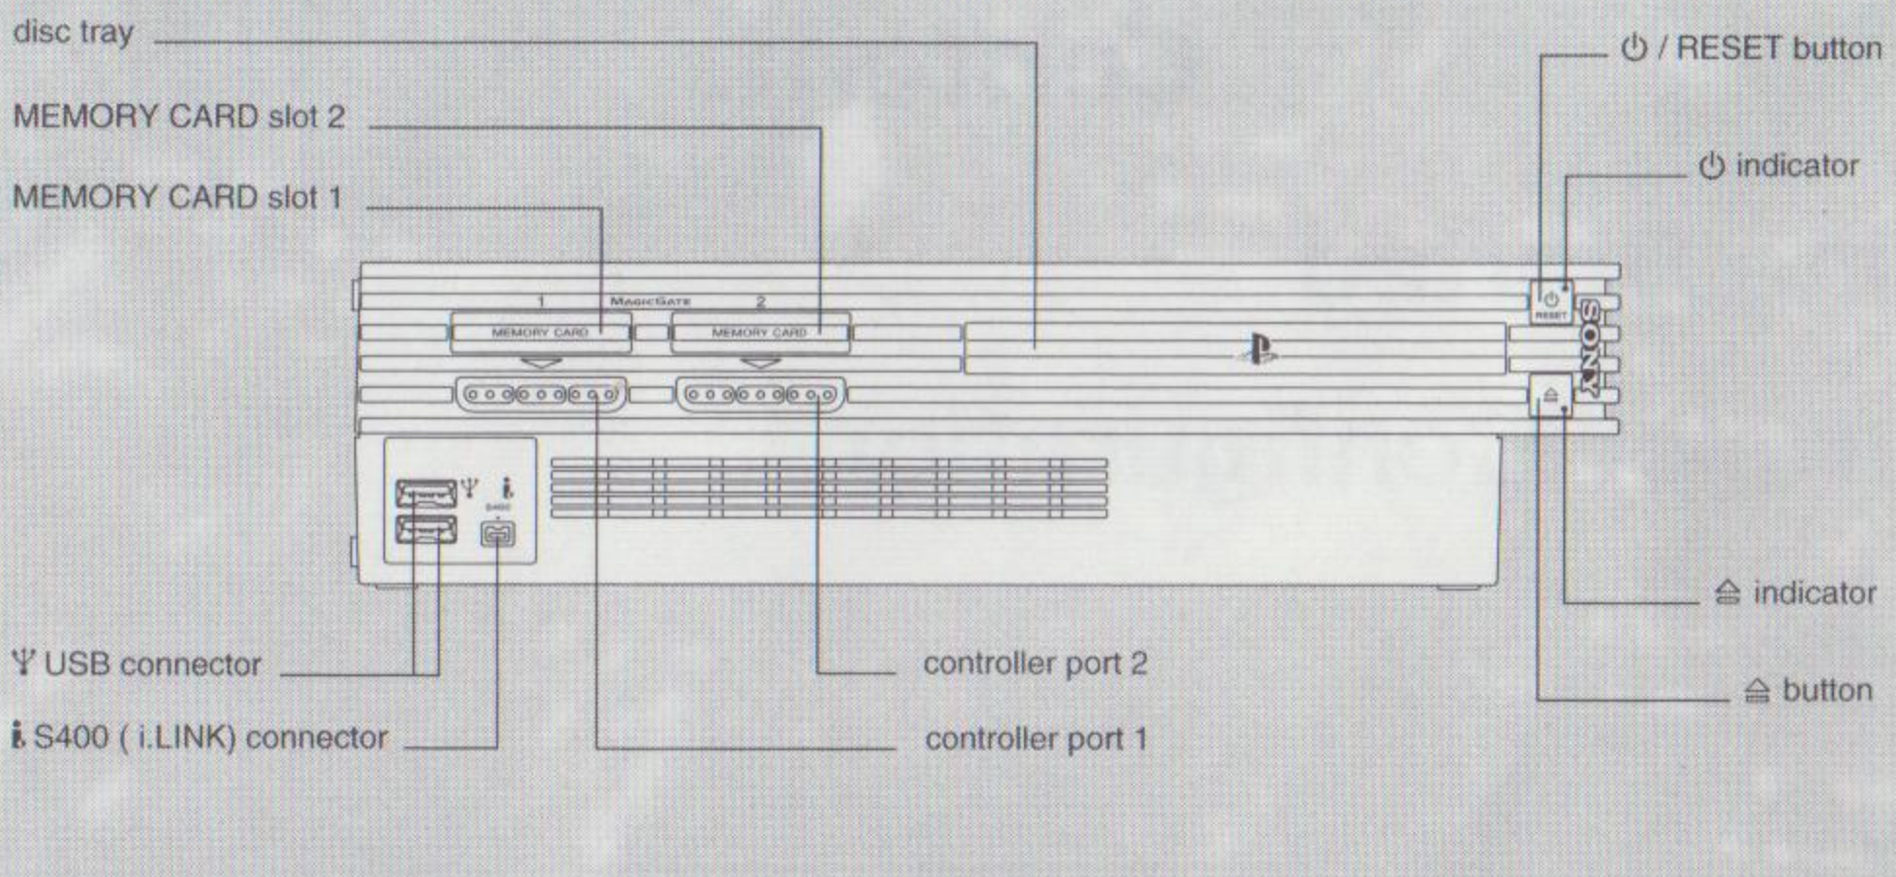
Welcome to City Crisis. This an action flight game where your mission is to save helpless people from crime and disaster in a city in turmoil. Three action packed games modes let you pilot one of five helicopters through a city in crisis, performing daring roof top rescues, extinguishing high rise infernos and assisting ground units to apprehend fugitives on the run. The fate of the people and the future of the city is in your hands...

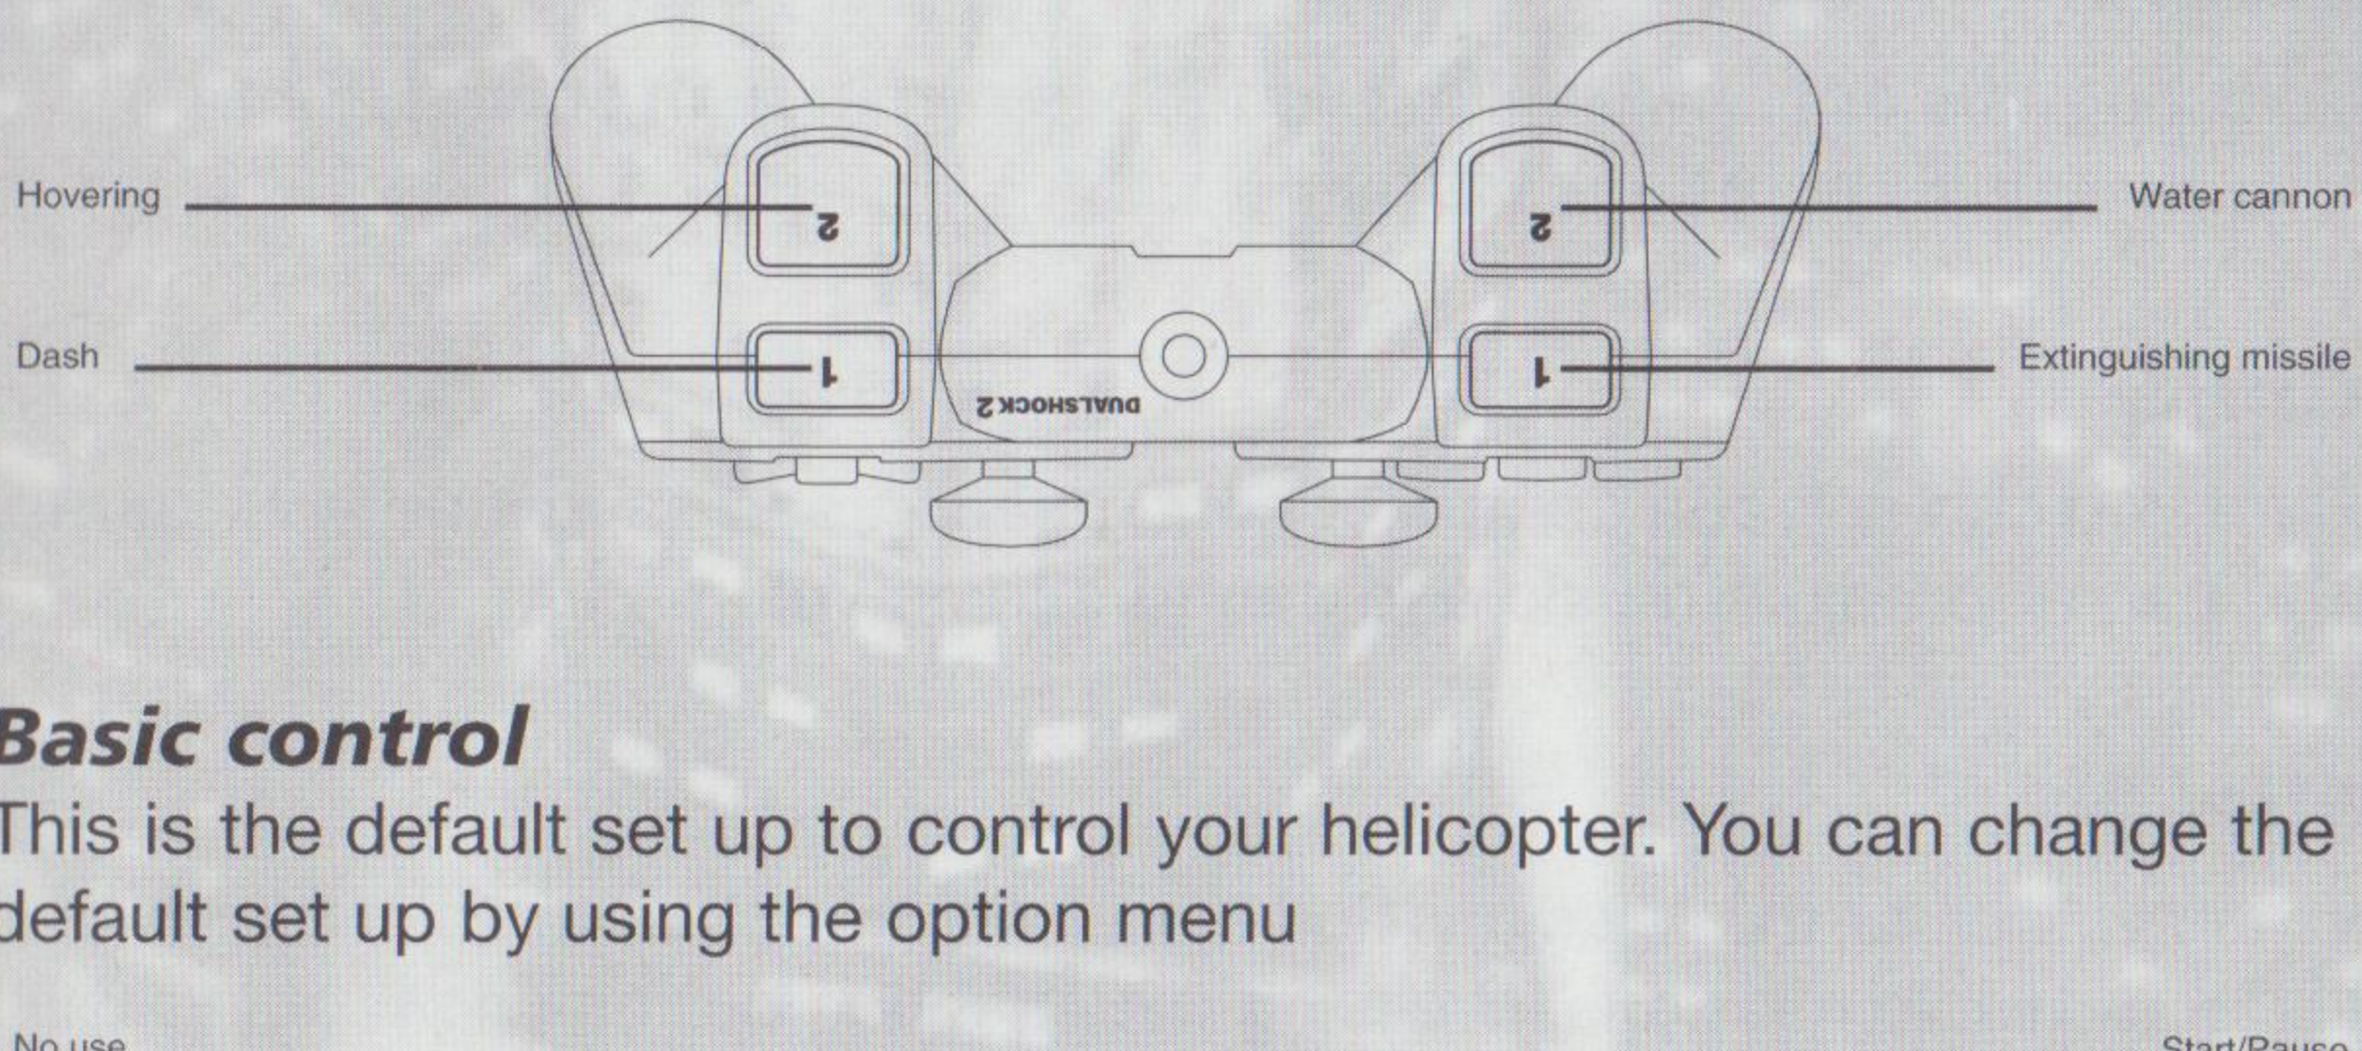
Getting Started



1. Set up your PlayStation®2 computer entertainment system according to the instructions in its instruction manual. Insert an analog controller (DUALSHOCK®2), or an analog controller (DUALSHOCK) into controller port 1. If you wish to save your progress, insert a memory card (8MB) (for PlayStation®2) with at least 230KB of free space into MEMORY CARD slot 1. The Digital controller is not supported by this game.
2. Press the MAIN POWER switch ON (located at the rear of the console) . The ⏻ indicator will be red.
3. Press the ⏏ button and the disc tray will open, the ⏻ indicator will turn green and the ⏏ indicator will flash blue. The ⏏ indicator will stay a solid blue when the disc tray has stopped moving.
4. Place the City Crisis disc onto the disc tray, label side up, then press the ⏏ button again to close the disc tray.
5. If the Take 2 logo does not appear, press the ⏻ / RESET button to reset the console. If the game still does not load, ensure that your console is set up correctly and that the City Crisis disc is properly inserted.
6. It is advised that you do not insert or remove accessories or controllers once the power is turned on. When loading or saving data, do not remove the memory card (8MB) (for PlayStation®2), as this may destroy data.

Controller Configuration

Analog controller (DUALSHOCK®2)



Basic control

This is the default set up to control your helicopter. You can change the default set up by using the option menu

Main Menu

The main menu screen is displayed when you press the start button on the title screen.

Training

The training mode is a great option for new City Crisis players. Here you can learn the basics of piloting your rescue craft, and handling some of the disasters that may arise while you're on patrol.

Mission

Once you're familiar with piloting your craft, enter the mission mode. This is where you'll earn your keep! Before entering, you will be briefed

on what your mission is. By completing your mission objective quickly and efficiently you can earn the higher scores needed to unlock more challenging missions.

Record

Selecting this option will allow you to view your high scores from Mission and Time Attack modes.

Option

Here you can select a controller configuration and save/load your game. You can also adjust music and sound effects volumes.

Mission

When you enter the Mission Mode, you will be asked to select from a list of available missions. Pressing the direction buttons right or left will cycle through the missions that are available to you.

There are 3 Different Mission Modes:

Rescue A number of fires have broken out around your city. Your mission is to rush to the scene, rescue the survivors, and extinguish the fire before it's too late. Keep a watchful eye on the clock; if it runs out your game is over.

Chase The object of this mission is to assist the police in apprehending fugitives on the run. When you locate the fugitive, lower your helicopter so that the searchlight is on him. At this point, the fugitive will do anything he can to elude you. Hang tough, and keep your searchlight on him until the police can nab him!

Time attack Here is where you can put your new found piloting skills to the test. Navigate your helicopter through the rings placed around the city as quickly as possible. The faster you complete the stages, the higher your rating.

Final Rescue

Once you complete all missions, you will face the final mission. This is the ultimate test of all of the skills you have learned ... good luck! After completing a mission, your performance will be evaluated. Try and achieve the highest rankings in order to unlock all of the missions.

Rescue

The object of this mission is to extinguish fires and rescue survivors from the various disaster scenes.

Screen Display

1 Time

Displays the time limit for completing the mission. If time runs out, you fail the mission, and the game is over.

2 Points

Displays the points you have earned.

3 Extinguisher metre

Displays amount of extinguisher available.

4 Remaining extinguishing missiles

Displays number of extinguishing missiles available.

5 Boarding character icon

Displays rescued survivors.

6 Direction cursor

The blue arrow shows the direction of nearest heliport, the red or yellow arrow shows the next disaster location.

7 Condition of your helicopter

The damage sphere shows the condition of your helicopter. If it's Green then you're in good shape. If it turns Yellow then you're starting to take on a bit too much damage. If it ever turns Red, then you're in big trouble ... try to steer clear of any obstacles at this point.

8 Sub window

As you are putting out a fire, a sub window may appear which will update you of another crisis in the making. Pay close attention!

Pause Menu

Pressing the Start Button during the game will pause the game and bring up the Pause Menu.

Here you are given 3 options:

Continue
Unpauses the game and resumes gameplay

Retry
Restarts your current mission

End game
Quits the game and returns you to the main mission menu screen

FIRE FIGHTING ACTIVITY

Use your water cannon and fire-extinguishing missiles to put the fire out.

Extinguishing Missile

Aim your helicopter towards the fire and press the R1 button to fire the extinguishing missile. Use the ⊗ button to select a particular blaze if several are present Note that a green rotating circle appears over each possible target fire and your selected target has four red arrows in the circle.

Extinguisher

Press the R2 button to spray the water cannon at the fire. Your helicopter has to be close to the fire for the water cannon to have an effect. The extinguishant meter shows you how much water you have remaining. If the meter is empty, you have to wait a few moments to use it again.

RESCUE ACTIVITY

How to rescue survivors

Characters

There are many characters in need of rescue. Each character‘s health icon is displayed, changing color from green to yellow to red. The character’s condition worsens the longer the rescue takes. Once a character's icon is shown as a " skull and crossbones " you can no longer rescue them.

Pull down Rescue jumper

Use the ◉ button to lower your rescue jumper on the rescue harness.

After lowering your rescue jumper, pilot the helicopter to get closer to the survivor. When the survivor is in range, the icon will change to the RESCUE icon, press the ◉ button again to start raising the survivor into the helicopter.

Each helicopter has a boarding capacity shown on the bottom left side of the screen. If your helicopter has reached capacity, you cannot lower the rescue harness. In this case, you have to go to a heliport to unload your cargo of rescued survivors.

To complete the mission, you must extinguish the fire completely.

Do your best to rescue all survivors.

RESCUE MESSAGES

During your rescue exploits, the following messages may appear. Pay attention, as they are meant to help you on your quest to bring sanity to the city.

Message 1

ACCIDENT As you progress through a mission, a mission update may appear in the bottom corner of the screen.

Message 2

GOOD JOB! Displays when you extinguish a fire and rescue all survivors.

Message 3

DANGER Displays as a warning when the closest fire reaches a critical point.

Information Messages

OUT OF AREA

If you try to venture out of the designated city area, this message will appear. At this point you must turn around to stay in the designated area.

CREW OVER

Displays when you have exceeded your helicopter's cargo capacity. Go to the nearest heliport to unload your rescued survivors.

Slow Down

Displays when you are traveling too fast to lower your rescue jumper. Slow down and hover over the survivor, then press the ◉ button to lower your rescue jumper.

RESCUE

Complete Mission

To complete a mission, you have to put out the fire and rescue all survivors before time runs out..You fail the mission when time runs out or your helicopter explodes. You may re-start a mission at any time.

RETRY

Re-start the mission.

END GAME

Quit the game.

Mission result screen

When you complete the mission, you can see the results of your rescue efforts.

Rescued People

Displays the number of rescued survivors. Fire rescue denotes a survivor rescued from a fire situation. Other denotes a survivor rescued from other locations.

Fire Damage

This displays how much property damage was caused by the fire. The quicker you put out a fire, the higher your rating in this area will be.

Machine Damage

Displays damage sustained by your helicopter.

Unused Missiles

Displays the number of remaining fire-extinguishing missiles.

Remaining Time

Displays how much time was remaining to complete your mission. The quicker you complete your mission, the higher this rating will be.

POINTS & RANK

This is where your final score is tallied and your rank assigned. The higher your point total, the higher your rank.

CHASE

There are many dangers that may occur in a large city. Besides putting out fires, you will also be called upon to assist the local police in tracking down high speed felons. In these situations, you are to locate the specified fugitive and keep your searchlight locked on him at all times so the Police can track him down and make the arrest.

SCREEN DISPLAY

TIME

Displays the time limit. If the time runs out, you have failed your mission.

RECORD

Displays the game points / rank and machine used.

MAP

The yellow cursor shows the direction of your helicopter, and the Red cursor shows the direction of the fugitive's car. White and red flashing lights display the locations of the police units on the ground.

CHASE

TO COMPLETE THE MISSION

To complete this mission, you have to capture a fugitive in a runaway car before time runs out.

Each helicopter is equipped with a searchlight. Follow the fugitive, keeping your searchlight focused on his car at all times. Police cars will be notified of the location of the fugitive by following your searchlight. Once they locate the fugitive, they will set up a road block and capture him.

SEARCH

Displays the percentage of time you were able to keep your searchlight on the fugitive's car.

Machine damage

Displays damage sustained by your helicopter.

Remaining Time

Displays remaining time.

POINTS & RANK

This is where your final score is tallied and your rank assigned. The higher your point total, the higher your rank.

TRAINING

This mode enables you to train for flight control, fire fighting and rescue activity.

FLIGHT CONTROL TRAINING

This mode enables you to familiarize yourself with the controls of your helicopter. Fly through all rings and land at the heliport.

RESCUE MODE

This mode enables you to train for rescue activity. Find a survivor in need of rescue, lower your rescue jumper, bring the survivor on board your helicopter and return to the heliport to unload your survivor.

FIRE FIGHTING TRAINING

This mode enables you to train for fire fighting. You have to go to the fire site and extinguish the fire completely using your extinguishing missiles and water cannon.

TIME ATTACK

Here is where you can put your new found piloting skills to the test. Navigate your helicopter through the rings placed around the city as quickly as possible. The faster you complete the stages, the higher your rating.

When your helicopter sustains extensive damage and explodes, the game is over. Note that the game also ends when the timer

reaches 999.

Saving a game

Name Entry

After the game result screen, you can enter your name when you get a high score.

Save Game

(System)

After the game result screen, you can save the game data. Follow the instructions on screen. You can also save the game data from SYSTEM option that can be found in the Options Menu.

OPTION

This mode enables you to save and load your game data. From this menu screen you will be able to change the sound and controller configurations and save or load game data.

SOUND

This mode enables you to adjust the volume of sound of both BGM and SE in the game.

Select the menu using the ⇩ ⇧ directional buttons, Adjust the volume using the ⇦ ⇨ directional buttons. Use the ⊗ button to select.

*BGM and SE in this game are set as stereo.

CONTROLLER

This mode enables you to set up the controller's button configuration.

Select the menu item using the ⇩ ⇧ directional buttons. Change the default configuration by using the ⇦ ⇨ directional buttons. Use the ⊗ button to select.You can also turn the vibration function on or off on this screen.

SYSTEM

This mode enables you to save and load your game data.

In order to save and load City Crisis game data, you have to use a memory card (8MB) (for PlayStation®2) that has at least 230KB of free space.

This game will only use a memory card (8MB) (for PlayStation®2) inserted into MEMORY CARD slot 1 to save and load the game data. If a memory card (8MB) (for PlayStation®2) is inserted with a previously saved City Crisis game when you boot the game up, the saved game data will automatically load.

Helicopters

You are given 3 helicopters to choose from at the outset of the game. By completing the various missions in the game, and scoring high, you can unlock two additional helicopters.

TOPSPEED

Top speed of helicopter.

ROTATION

Manoeuvreability of helicopter.

BODY

Durability of helicopter.

CAPACITY

Boarding capacity of helicopter.

AUTO HOVERING SET UP

Use this function to set your helicopter to hover automatically.

Helicopter Specs

Dolphin

This is a good all round helicopter. Both boarding capacity and controlling are good.

Gold Fish

This helicopter is for complicated rescues which depend on its small body and high manoeuvreability. It can turn on the spot, but can only hold a few survivors.

Lobster

This helicopter has the best boarding capacity and highest durability, but is too large for many tight rescue areas.
